Animal Observation Log

Print this worksheet and write in your answers below. If you do not have a printer, you can draw the log in a journal or on a piece of paper and fill in your answers there.

Choose an animal who you would like to observe for the day. This could be a cat or dog that you live with, an animal you see outside, or an animal from Farm Sanctuary’s Live Animal Cams at explore.org/farmsanctuary.

Describe what they are doing for each observation. How do you think they are feeling? Are they interacting with anyone or anything around them? How are their actions similar or different to a human’s actions? You may also draw the animal you observe on the back of your observation log.
